

“R²: SUPERIOR ROOT DRIVEN RETURN ON INVESTMENT.”

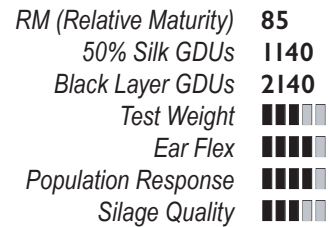

KEY FEATURES

HFG0852 strong yields across environments, performing well in dryland lower yield environments due to toughness and flex. Moves north well. Very good late season intactness, staygreen, and Goss’s Wilt. Taller stature with medium ear placement and deep bronze colored kernels.

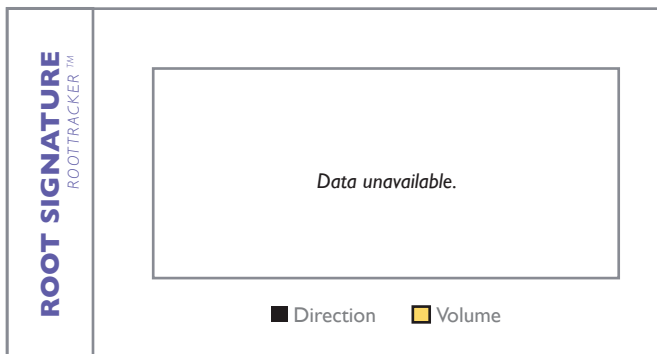

AGRONOMIC TRAITS

KEY CHARACTERISTICS

HFG0852 vs.	HYBRID	YIELD %	MOISTURE
	PIONEER P8210HR	110	1.2
	DEKALB DKC31-10	110	1.1
	DEKALB DKC34-82	106	0.1
	PIONEER P8673AM1	102	0.8

AREA OF ADAPTATION
